

40 Prospect Ave, Princeton, NJ 08540

David Liu

Vice President

Princeton Prospect Foundation Meeting

24 February 2020

Membership

- We have over 250 members including our new sophomore class.
- From our new sophomore class, we have taken on six sophomore officers as well as one junior to join our officer corp.
- These officers will focus on facilitating connections between members, especially the integration of sophomores, through planned initiatives such as Big Little pods.
- We are allowing members to suggest event ideas and vote on their favorite event to be brought to life once a month within financial constraints.
- Additionally, we are providing consistent weekly events for members to interact and meet each other.
- Colonial Club is using platforms such as Discord to maintain a strong online community through shared memories via game nights and rounds of Mafia, late night talks and virtual hang outs.

Education, Community and Growth

- We have folded our Community Chair into a newly created position, the Diversity, Equity and Inclusion Chair.
- The Diversity, Equity and Inclusion Chair is responsible for initiatives such as Mandatory Implicit Bias training as well as a weekly event where members read books on sensitive topics together to grow, learn and self-enrich as a community.
- Our new DEI has extensive plans for the education of the Colonial Club community and for community outreach and service.
- We are continuing with our annual tradition of hosting a Colonial Talent Show wherein proceeds will be donated to a charity of our choice.
- Colonial Club is working to form study groups for classes that are commonly taken by our members to ensure mutual success.
